

Problem Solving Non-Responders to Tier 3 intervention

Student Name: _____

Date of Team Meeting: _____

Team Members: _____

What data suggests this student is not responding: _____

We have been implementing the intervention to address what behavior: _____

-
- I. We have been implementing this intervention with Fidelity: Yes No
 - II. We have been using a change sensitive progress monitoring tool? Yes No
 - III. We believe this behavior is socially mediated? Yes No
Why?
 - IV. We have previously developed a pathway chart and behavior plan to address this behavior
 Yes No

OR

- III. We believe this behavior is emotionally driven? Yes No
- IV. We have been providing a related service to address this behavior. Yes No
- V. We have examined the quality of Tier 1 for this student and have found:
 No problems some problems many problems
that are of an environmental nature

We have problem solved this situation and have conceptualized this non responsive problem as:

Our next step action plan: *(By when, who, will do what?)*
